PROFILE

Hello, I'm Agugbue Ikenna Nzubechi, a results-driven **Backend Developer** with a strong foundation in **Node.js, Express.js, and MongoDB**, along with experience in designing and optimizing scalable APIs, databases, and server-side logic. My expertise in **building secure, high-performance web applications** enables me to develop robust backend solutions that enhance user experience and business efficiency.

SKILLS

Javascript modern JavaScript, including async/await, closures, and modules.	Nodejs Server-side .
Expressjs Middlewares	RESTFUL API Design CRUD operations, and status codes.
Postman API testing and documentation	Third-Party API Integration Payments (Stripe, Flutterwave, Paystack)
MongoDB & Mongoose	Authentication & Security Password-hashing, JWT
Git & GitHub	

PROFESSIONAL EXPERIENCE

backend developer <i>self-taught</i>	2023 – present Enugu, Nigeria
<ul style="list-style-type: none">• Efficient & Scalable Backend Architecture – I specialize in designing well-structured backend systems that handle high traffic, ensuring smooth performance and scalability.• API Development & Integration – I create RESTful that seamlessly connect with frontend applications, third-party services, and databases, optimizing data flow and functionality.• Database Management & Optimization – My experience with MongoDB allows me to design efficient data storage solutions, ensuring fast queries and minimal latency.• Security & Performance Optimization – I implement authentication (JWT, OAuth), encryption, and best security practices to safeguard applications against vulnerabilities while improving performance.• Problem-Solving & Collaboration – With a keen analytical mindset, I excel at troubleshooting issues, optimizing backend performance, and working closely with frontend developers, DevOps teams, and stakeholders.• Automation & DevOps Knowledge – I have experience with Docker, CI/CD pipelines, and cloud deployment (AWS, Firebase), ensuring smooth deployment and maintenance.	

EDUCATION

BSc Nnamdi Azikiwe University Awka Cooperative, Economics, and Management	2018 – 2021 Anambra, Nigeria
